## EDUCATION

### Manipal Institute of Technology (MIT)

2023 – 2027 (Expected)

Bachelor of Technology – Computer Science; MET Rank: 42

*Courses: Data Structures & Algorithms, Database Management Systems, Operating Systems, Computer Networks, Object-Oriented Programming, Discrete Mathematics, Software Engineering, Artificial Intelligence and Machine Learning.*

### FIITJEE, Telangana State Board

2021 – 2023

Class XI–XII, 83.7%

## SKILLS SUMMARY

- Languages: C, Python
- Developer Tools: VS Code, Git
- Databases: MySQL, DBMS concepts
- Operating Systems: Windows, Linux
- Core Competencies: Data Structures, Algorithms, Machine Learning Fundamentals, IoT Security

## PROJECTS

### AI Learning Companion Platform (Python, FastAPI, LLM APIs)

- Developed an AI-powered study assistant that answers academic questions, summarizes notes, and generates personalized learning explanations using modern large language models.

### Full-Stack Student Notes Platform (Python, Django, MySQL)

- Built a secure web application where students can upload, organize, search, and manage study notes with authentication and database integration.

### Learning Resource Recommendation Engine (Python)

- Designed a recommendation engine that suggests relevant study material based on user interests and previous learning activity using machine learning fundamentals.

## EXPERIENCE AND EXTRACURRICULAR

### Greenko — Intern

June 18 – July 18, 2026

- Completed a learning-focused internship gaining exposure to Greenko's GEMOS (Green Energy Management and Operations System) platform, used for real-time monitoring of pumped-storage plant operations including energy generation, reservoir levels, and market data.
- Observed platform workflows and dashboard operations as part of onboarding into energy management systems and renewable energy operations.

### Formula Manipal

September 2024 – December 2024

- Management & Sponsorship — Led sponsorship outreach and branding efforts for Formula Manipal, a student racing team; designed team merchandise and visual assets, and supported external stakeholder communications.

### IE Mechatronics Students' Chapter, Manipal

September 2024 – Present

- AI & Development (MANCOMM) — Serving in a technical leadership role focused on artificial intelligence and software development initiatives; organizing events and mentoring peers in the student chapter.

### The Economics and Finance Society of Manipal (ESOM)

July 2023 – July 2024

- Working Committee Member — Active member of the working committee responsible for organizing economics and finance events and initiatives at the institute level.

### AAINA Dramatics, Manipal Institute of Technology

July 2023 – Present

- Performing Arts — Active participant in the institute's dramatics club, contributing to stage performances and developing communication and teamwork skills.

## ACHIEVEMENTS AND CERTIFICATIONS

- Accounting Fundamentals, Corporate Finance Institute — October 2024
- Basics in IoT Security, Manipal Institute of Technology — July 2023
- MET Entrance Exam Rank 42 – All-India rank in the Manipal Entrance Test for B.Tech admissions
